Cabrini Team Health
Our Mission

Cabrini Team Health is dedicated to improving the education and health outcomes of low-income/poverty level students and families of all denominations in Diocesan Catholic schools. Guided by faith and values consistent with the teachings of the Roman Catholic Church, our mission is to positively impact the circumstances of students and families by fostering programs and educational experiences that improve their lives. Building upon the foundation that the Catholic schools provide, the initiatives address the Social Determinants of Health to provide for the needs of students and families, thereby reducing health prevalent disparities.

We Provide:

- Counseling & Nursing Services
  - Mental health counseling, one-on-one and group sessions for all students
  - On-site nurses allowing each of our schools access to a full-time nurse

- Workshops & Programs
  - Physical activity programs and workshops to support and encourage physical health for our students and families.

- School Assemblies
  - High-energy assemblies to promote character education, setting and accomplishing goals, confidence, empathy, and leadership skills.

- Healthy Eating Lifestyles
  - Through partnership with local organizations, such as Brady Farm, fresh produce is provided to our schools and their families.

Our Partners

- Brady Farm
- Amaus Vision Services
- Golisano Children's Hospital

Our schools are faith-centered communities focused on promoting academic excellence while developing a strong moral conscience and embracing Catholic social teachings that enable our students to meet the lifelong challenges and demands of our rapidly changing world.
