What happens when I call for counseling support?

When you call, you will speak with a GuidanceConsultantSM, a master's- or PhD-level counselor who will collect some general information about you and will talk with you about your needs. The GuidanceConsultant will provide the name of a counselor who can assist you. You will receive counseling through the EAP up to 3 telephonic sessions per issue, per person, per calendar year. You can then set up an appointment to speak with the counselor over the phone.

What counseling services does the EAP provide?

The EAP provides free short-term counseling with counselors in your area who can help you with your emotional concerns.

If the counselor determines that your issues can be resolved with short-term counseling, you will receive counseling through the EAP. However, if it is determined that the problem cannot be resolved in short-term counseling in the EAP and you will need longer-term treatment, you will be referred to a specialist early on and your insurance coverage will be activated.

Your ComPsych® GuidanceResources® program EAP Essential offers someone to talk to and resources to consult whenever and wherever you need them.
